2019/2020 season

the children

written by **lucy kirkwood**

directed by **mary fawcett watko**

Featuring: Greg Jones, Mary MacLeod and Meg Venton

Two retired nuclear scientists reside in an isolated cottage by the sea as the world around them crumbles. Together they are going to live forever on yogurt and yoga, until an old friend arrives with a frightening request. ***The Children*** raises profound questions about whether having children sharpens or diminishes one's sense of social responsibility. A Tony Award nominee for Best Play in 2018, this genuinely haunting play asks us: ***What do we owe ourselves, and what do we owe to younger generations?***
