**Our travels begin in Paris at the height of the French Revolution's Reign of Terror.**

It's 1793, and time to meet four beautiful, bad-ass women: former queen Marie Antoinette, assassin Charlotte Corday, playwright Olympe de Gouge, and Caribbean spy Marianne Angelle. This grand and dream-tweaked comedy is about violence and legacy, art and activism, feminism and terrorism, and compatriots and chosen sisters. The jury's still out on who really runs the world, but these four ladies sure as hell changed it.
